

Prince RV Pressure Relief Valve RV-2L

Dalton Hydraulic · RV Series Relief Valves · Available for online purchase

Product summary

RV-2L The Prince valve model RV is a differential poppet type inline relief. The valve is made up of a relief cartridge and a cast iron valve body. The differential poppet type relief provides smooth quiet performance with a minimum variation between cracking and full flow pressures. This type relief is also less sensitive to system contamination. The model RV is well suited as a system relief up to 30 GPM and 3000 psi. It is available in two pressure ranges and both an externally adjustable and shim adjustable version. Max GPM - 30 Adjustable Relief - 500-1500 PSI Relief Setting - 1000 3/4" NPT Ports
